
Innovative Enhancements of HD Websites to Support Core Functions/Essential Services

A NAPHIT Webinar *sponsored by*

The Microsoft logo is displayed in its characteristic bold, black, sans-serif font. The word "Microsoft" is followed by a registered trademark symbol (®). The logo is centered within a white rectangular box.

Agenda

SPEAKERS

- Christopher Kinabrew, MPH, MSW, ESRI Public Health Marketing Specialist
- Kathy H. Wibberly, Ph.D., Policy Advisor, Office of Health Policy and Planning, Virginia Department of Health
- Deb Levine, Executive Director, ISIS, Inc., Internet Sexuality Information Services

WHAT YOU WILL LEARN

Upon the completion of the presentation, participants will understand:

- The variety of ways that public health departments are using their website and the Internet in support of their programs and services
- The value gained through their websites use
- Some of the challenges and issues HDs face in their initiatives
- Additional enhancements being planned to expand upon use of the HD website and Internet in support of programs and services

The NAPHIT logo is rendered in a large, bold, sans-serif font. The letters "N", "A", "P", "H", and "I" are in a dark grey color, while the letters "T" and "T" are in a bright red color. The logo is positioned in the bottom right corner of the slide.
